All of our loose leaf teas are available to buy so you can enjoy them at home too!

Owned by Andy & Elly Yates, the site we trade from has been in the Yates family since 1935. We are very lucky to be located in the heart of the Cheshire countryside and as such, welcome a variety of walking and cycling clubs into our café.

It was always our intention to serve hearty, homemade food and so here at Plumleys Café we bake all of our cakes and tray-bakes, along with the vast majority of the food we serve so we know exactly what goes in to all of our dishes.

If you have any food intolerances, allergies or would just prefer your meal tweaked slightly, please do ask as we will accommodate wherever we can.

We use fairtrade and local suppliers as much as possible and if they have an interesting story to tell, then we will happily share it!

Well there's really only one place to go for eggs and that's Ben and Maxine Wharfe's Sapling Home Farm, whose farmland backs onto the garden centre!

Based on an ethos of sustainable mixed farming their free range eggs really are fresh, local and loved. Also available to buy in our garden shop so you can enjoy them at home too.

Freshly baked bread from Chatwins craft bakery in the heart of Nantwich, using traditional baking skills passed down from father to son, coupled with cutting edge technology to produce their delicious range of breads.

The brainchild of Harry Blake, from Nantwich in Cheshire, the ethos of the business is to find the finest ingredients from the nearest sources, making a huge difference to the end product. There is nothing artificial in Harry's products either, we know they've got a bit of sugar in but it has been kept to a minimum - after all its supposed to be a treat!

All packaging is 100% recyclable and there is no palm oil in any of the products.

Going beyond organic and fair trade, higher prices are paid to the farmers of the raw ingredients to support fair, dignified farming. A donation from each bottle sold goes to the Lemonaid and ChariTea Foundation and is then reinvested in social projects in the growing regions.

-   Quiet, well behaved dogs are welcome on the garden centre, in the outside seating area of the café and inside the café at the front where the full length windows are. If you are using the café please access it from the outside doors rather than through the gift shop.
-   Whilst we ourselves love to see our furry friends, please appreciate that our decision to allow dogs in is not popular with some of our customers. With this in mind, if you are bringing your dog with you, please respect the 'dog free' areas, clean up any mess and take it with you or ask a member of staff where you can dispose of it, keep your dog on the floor on a short lead and please do not feed them off our crockery. We realise that most of this goes without saying but our decision to allow dogs in is constantly under review and subject to customer feedback. So in a nutshell, please behave responsibly and don't be that person who causes the complaint resulting in us having to change our policy!
-   Water bowls and dog biscuits are available from the café.
-  We thank you in advance for your co-operation in this matter.
